About us

We are one of the world's leading Asset Management firms with approximately \$2.2 trillion in Assets under management that creates lasting impact for our investors, teams, businesses and the communities in which we live. Gustotradex was Founded in the year 2001, we pioneered a consulting-based approach to private Asset investing, partnering closely with management teams to offer the insights that challenge conventional thinking, build great businesses and improve operations. Over time, we have organically expanded this approach across asset classes to build one of the strongest alternative asset platforms in the world. This has empowered us to deliver an enduring impact to a diverse group of investors including other individuals. We power success across the financial world for individuals and institutions through unique insights, thinking and actions. Our investment professionals are well positioned to search for differentiated investment ideas, to uncover the story within the story, the hidden risks and the potential rewards. Most importantly, the glue that holds all of this together is our culture. We believe it is the sustainable competitive advantage of our firm, helping us to attract, retain, develop, and motivate great people. The shared values of our culture include integrity, collegiality, learning, humility, a sense of humor, respect for diversity of thought, and an unyielding focus on our clients.

Reach your Personal Goals with us

Established by a strong team of highly skilled traders and investment consultants in the offline and online investment market. We put your investments in new highly remunerative innovative projects, which offers great returns along.

Our Services

Real Estate

Real estate investment involves the purchase, ownership, management, rental and/or sale of real estate for profit. Improvement of realty property as part of a real estate investment strategy is generally considered to be a sub-specialty of real estate investing called real estate development. Real estate is an asset form with limited liquidity relative to other investments (such as stocks or bonds that openly trade on financial markets).

Agriculture

For many years we have been working conscientiously and with the most diverse technologies and means. We have constantly successfully completed our projects. We believe that the full benefits and potential of cannabis as a medical therapy are within our reach only through supply chain transparency, an engaged and active network of cannabis users, and data that is consistently available and verifiable for medical surveys and for developing and establishing therapies and life-prolonging solutions and treatments on blockchain technology..

Infrastructure

Our mission is to be an infrastructure partner of choice by making and managing investments which have historically shown to deliver consistently attractive results to clients through the passion of our people, depth of our experience and strength of our global relationships. We specialise by sector and seek out the right deals. We have a solid track record across market cycles using a disciplined investment process, focused on delivering long-term value and capital preservation within sustainable robust capital structures. We have one objective, to deliver predictable outcomes for our clients.

Why infrastructure?

Infrastructure assets provide essential services that support economic growth, generate productivity and underpin the operation of society, such as airports, schools, energy, transport and communications.

It also has characteristics that can benefit investors, such as steady returns through market cycles with lower volatility, stable long-term yields and diversification

Stable, experienced sector centric team

over 55 experienced infrastructure professionals located in USA , Canada and UK. Our stable team is led by founding partners.

Active-Core' strategy

We identify relative value across core assets. Our deep sector focus drives value.

Active asset management

Value driven from active management, stakeholder engagement and selecting appropriate internal management teams. We create value through leadership positions of control or strong influence.

Focused origination drives quality pipeline

Our targeted approach aims to deliver more than 210 opportunities each year. We pursue opportunities where there is the ability to differentiate.
